9. When plugging this product into wall socket, make sure that electrical socket are not damaged, and no leakage for gas or water pipes to begin with.
10. Place the connecting cables carefully so people won't stumble or walk on it.
11. The equipment should be operated from the type of power indicated on the marking label. If you are not sure of the type of power available, consult the qualified technician.
12. Unplug the equipment from the mains and refer the product to qualified service personnel for the following conditions:
  - If liquid has been spilled on the product
  - If the product has been exposed to rain or water
13. Unplug from the wall socket before cleaning. Use a damp cloth for cleaning. Do not use liquid cleaners or aerosol cleaners

### **CAUTION!**

The Federal Communication Commission warns the user that changes or modifications to the unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

# Fredenstein meterHUB

## Introduction:

Congratulations to your new Fredenstein meterHUB. The meterHUB provides a convenient way to tighten up many loose ends in your Studio.

meterHub consists of a four channel VU meter, a very fast USB charger and a XLR and USB3.0 rear to front pass through connections.

## Front View:

## Rear View:

meterHUB makes it very easy to be inserted in your existing signal path. Simply connect the output to be displayed to the female XLR connector and route the male XLR connector of the same channel to its designation (built-in “Y-cable” functionality).

To activate USB3 pass through, connect the rear USB3 connector (Micro-B Plug) to your computer and you can connect any USB3 devices, like sticks or dongles, to the front USB3 connector (Standard A Plug).

The XLR pass through is intended for to facilitate talk-back or recording in the control room.

## **Technical Data:**

VU Meter Section (per channel):

0 VU level: +4 dBu (American standard studio level)

Input Impedance: > 44 kOhm

USB Charger: QC3.0

Standard: Qualcomm Quick Charge 3.0

Output 1: 3.6 to 6.5 VDC @ 3A  
6.5 to 9.0 VDC @ 2A  
9.0 to 12 VDC @ 1.5A

Output 2: 3.6 to 6.5 VDC @ 3A  
6.6 to 9.0 VDC @ 2A  
9.0 to 12 VDC @ 1.5A

Maximum Total Power: 36W

Pass Through:

USB3 Rear Connector: Micro-B Plug

USB3 Front connector: Standard A Plug

XLR Pass Through: balanced (1 ground, 2 +, 3 -)

## **Dimensions:**

Width x Depth x Height: 19" x 5.12" x 1.97"  
482mm x 130mm x 50mm

Weight: 56.5oz  
1600g
